2 TEENAGERS CUT OFF BY RISING TIDE BREAKING OVER SEAHOUSES OUTER BREAKWATER

DATE/TIME LAUNCHED	RETURNED TO STATION	LIFEBOAT(S) LAUNCHED	WEATHER	WIND	SEA STATE	VISIBILITY
Wed 14 th Apr 15.40hr	16:05hr	Inshore Lifeboat	Bright and fine.	NNE Force 2	Choppy	Good

At 15:40hr on Wednesday 14th April, 2010, the **Seahouses Lifeboat Duty Launch Authority** was paged by **Humber Coastguard** who requested the launch of **the Inshore Lifeboat** to a report of two children cut off on the outer breakwater at Seahouses Harbour, by the rising tide and breaking waves over the breakwater. The initial report had come from Seahouses Harbourmaster who had witnessed the two teenagers being hit by a wave.

The **Inshore Lifeboat** launched and proceeded to the scene. On arrival the two boys were in the process of being recovered by a local passenger vessel. The lifeboat crew assisted the casualties onto the vessel and checked them over in case any medical attention was required. After confirming all persons were OK, the ILB returned to station. The two boys were landed by the passenger vessel into the care of the local coastguards.
